ALWAYS ON
One prospecting campaign (Advantage+ Sales, broad Serbia) + one retargeting campaign. Add new ads to them; don't relaunch.

RETARGETING
~20% of budget in every phase: cart, visitors, and refill (500g after ~2 weeks, 1kg after ~4).

GOOGLE SEARCH
Brand terms all year. Add "posni protein" and "veganski protein" during the fasts and their build-up.

BEFORE EVERY PHASE
Check the stock light on page 1. Red overrides the calendar: retargeting only until restocked.

Orthodox calendar: Božićni post 28 Nov – 6 Jan, Lent 15 Mar – 1 May 2027 (Easter 2 May). Offers marked "needs client OK" change prices.
