## What each test round contains

5 ads per round: 3 statics + 2 video re-edits

## Round 1 · week 1–2

**CAROUSEL** T1 Slava sezona  
**STATIC** T2 Otkopčano dugme  
**STATIC** T3 Notes app list  
**VIDEO RE-EDIT** T4 Tamara → Combo  
**VIDEO RE-EDIT** T5 Kajra (never run)

## Round 2 · week 3–4

**CAROUSEL** T6 Dan → Noć rutina  
**STATIC** T7 Pizza bez "posle"  
**STATIC** T8 Domaćica slave  
**VIDEO RE-EDIT** T9 Miloš, 15s  
**VIDEO RE-EDIT** T10 Teodora, 15s

**Why mix them:** statics are new, while the re-edits start from footage that already sold. In the same round they get equal exposure (1,000 impressions each), so you learn which format wins without filming anything.

## Launch day checklist

- **Create audiences:** 50% video viewers 60d, site visitors 30d, buyers 25d / 30d / 45d. Engagers, cart 14d and buyers 180d already exist.
- **Reuse existing posts** for W1, W2 and R1 (use the post ID) so they keep their likes and comments.
- **Download the 6 videos** from the ad library for the re-edits. Kajra has never run as an ad.
- **Pause both current campaigns** the day C1–C3 go live, so nothing bids against itself.
- **Name everything** like T02\_Day\_0tkopcano\_Static\_v1 so results are easy to read.

**Statics have lost here so far** (3 statics, €109, 0 sales, link CTR 0.6–1.0%). This time they should look native (notes app, real reviews, carousels that tell a story), not like banners. Keep one angle per static. The videos stay in Winners until a static beats them.

## Rules to run it by target CPA ≈ €25 (break-even on a Combo order at ~60% margin, confirm margin)

## TEST → WINNERS

- After 1,000 impressions: CTR ≥ 2% and link CTR ≥ 1%
- and cost per add-to-cart ≤ €10, or at least 1 sale
- Move it in using the same post ID

## KILL

- €50 spent with 0 sales
- CPA above €35 after €100 spent
- Weekly frequency above 3 with falling CTR: refresh the hook

## SCALE

- +20% on Winners (≈ + €5/day) every 3–4 days while CPA is on target
- Never double the budget in one go
- Keep Test at €10–15 and Retarget at ~15%

## RETARGETING

- Judge Warm on cost per add-to-cart
- Judge Hot and Refill on sales
- If Refill has <200 people, pause it and let Hot run
